FIELD-BOOK.

MONDAY, *August*, 1st 1803, I set out to survey the town of Sullivan, by the order of General David Cobb. I get to Patten's Bay, and it comes on rain. Tuesday, 2d, I get to Sullivan. Thursday, 4th, we get ready and go to the bounds on Meadow Point, the Southwest corner bounds of Sullivan, and mark a spruce stake the bounds. From thence, we spot across to Rackoon Cove. Friday, 5th, we begin on the North side of said Cove, and follow said town line to Skilling's River. Then we cross said river, and go on. Saturday, 6th, we go to the Northwest corner bounds, it is a spruce tree, we find this line runs N., 1 degree West. The distance from the North side of Rackoon Cove to this bound, is 4 miles, 206 rods. From thence we run East 1 mile. to Tanton Bay. We find we fall to the South of the old line. This line crosses Burying Island to the south of the center. Sunday, 7th. Monday, 8th, we begin at the East side

of Tanton Bay, and follow the old line. We find the course is N., 87 East. Tuesday, 9th, we find the Northeast bound on a beech tree; we mark it B., 1803. From the Northwest corner bounds, to this Northeast bound, is 8 miles, 96 rods, by our measure. From this bound we run S., 1 degree East; and we find it follows the old line. Wednesday, 10th. This day rainy. Thursday, 11th, we begin where we left off and follow down on the old line. We come to a pond, on the last end of our 4 miles, about 60 rods wide. We cross about 60 rods to the West of the head of said pond. Friday, 12th, we came to a hemlock tree, the Southwest corner bound of No. 7. From the Northeast bound of this town, to this hemlock tree, is 5 miles, 86 rods, by our measure. From thence, we ran West 1 mile, 132 rods, to the shore. We find we are about 8 rods to the South of the old bound.

Now we begin to survey the shore from the bounds we came to. From thence along shore is N. 18 degrees, W. 14 rods; N. 75 degrees, W. 16 rods; N. 44 degrees, W. 11 rods, to a pine stub, the bounds between Benj. Condal and Edward Hammans. From thence, along shore, N. 63 degrees, W. 44 rods; N. 15 degrees, E. 26 rods; N. 85 degrees, E. 18 rods; N. 37 degrees, E. 8 rods, to the middle of Maraney stream, the bounds between Nathaniel Ash and Morris McGrath. From thence, along shore, N. 16 degrees, W. 20 rods; N. 5 degrees, W. 14 rods, to a stake, the bounds between Morris McGrath and Ebenezar Bean. Said Bean claims 200 acres. From thence, along shore, N. 66 degrees, W. 57 rods; N. 24 degrees, W. 36

rods; N. 56 degrees, W. 15 rods, to a stake, the bounds between Eben Bean, and Benjamin, and Stephen Johnson. Said Johnsons claim 200 acres.

Saturday, 22d. I work upon the Plan and lay on several lots, that we shall not run, but you will find the courses and distances, in this book. the same as if they were run. John Hammons lot begins at Benjamin and Stephen Johnson's south-

east bounds and runs N. 45 degrees, W. 70 rods. From thence, N. 45 degrees, E. 87 rods. From thence, S. 45 degrees, E. 70 rods, to Edward Hammans' lot. This 38 acres makes up John Hammans 100 acres. Benjamin Condal takes a lot lying east of Enock Hill's lot. It contains 88 acres. This makes up said Condal 102 1-2 acres. James Bean takes the lot lying south of Marama Pond. It contains 69 acres. Joshua Bickford's lot begins at Samuel Bean's north-east bounds. From thence, we run N. 50 degrees, E. 60 rods. From thence, S. 40 degrees E. to the stream. This gives said Bickford 50 acres. Morris Fitzgerald's lot begins at Jabez Simpson's north-corner bounds. From thence, N. 50 degrees, E. 90 rods. From thence, S. 40 degrees, E. to Joseph Bickford's head line. This gives said Fitzgerald 30 acres. The Prible lot, at the Falls, begins at Josiah Simpson's north-east bounds. From thence, runs S. 67 1-2 degrees, E. to Colonel Sargent's side line. This lot contains 69 acres. To make this lot up, 300 acres, it begins at Edward Pettengill's south-east bounds. From thence, we run east 68 rods. From thence, south 218 rods. From thence, west to David Wooster's north-east corner bounds. This lot contains 231. Paul Blaisdell's deficiency is made up, beginning at David Wooster's south-east bounds. From thence, it runs east 100 rods. From thence, south to the side line of a lot owned by Agreen and George Crabtree. This gives said Blaisdell 61 acres, to make his lot up 100 acres. Robert Gordan's lot begins at the north-east bounds of this last 61 acre lot. From thence, it

runs east 44 rods. From thence, north to the public lot. This gives said Gordan 70 acres. This makes up said Gordan 100 acres. There is two public lots in the north-east corner of this town, beginning at the north-east bounds of the town and chain westerly 162 rods. From thence, south 290 rods. From thence, east to the town line. This makes 300 acres. Then we begin at the south-west bounds of this lot and run west 30 rods to Flander's Pond. Then we begin at the north-west bounds of the 300 acre lot and chain westerly on the town line 192 rods. From thence, south 256 rods. From thence, east to Flander's Pond. This gets 300 acres. Then we begin at the north corner bounds of Nathaniel Ash's lot, at Marama Pond. From thence, run north 205 rods. From thence, run east to the town line. This gets 300 acres. This makes the 1200 acres public land. To get John Abbot's 50 acres, we begin at Reuben Abbot's south-west bounds and chain north on his side line 112 rods. From thence, we run west to the Creek. This gives John Abbot 50 acres.

Monday, 24th. We go and begin 300 rods from the north-east bounds of this town and make a hemlock tree, the bounds on the town line between this town and No. 7. From said tree we run west to Flander's Pond. Then we chain south 46 rods, and make a cedar tree the bounds. From thence, we run east 141 rods to the town line. This 45 acres makes up Samuel and John Pribel's deficiency. Then we chain south on the town line 301-2 rods, and make a cedar tree the bounds. From thence, we run west to the pond. This 28 acres

makes up John Uran 100 acres. Then we chain south 42 1-2 rods and make our bounds at the pond. From thence, we run east to the town line and mark a maple tree B. This 37 1-2 acres makes the widow Sullivan up 100 acres. Then we chain south on the town line 125 rods and make a stake the bounds. From thence, we run west to the pond This 114 acres makes up John Bean 200 acres. Then we chain south by the side of the pond 82 rods and make a hemlock tree the bounds. From thence we run east 154 rods to the town line. This 78 1-2 acres makes up Ebenezar Bragdon and Ebenezar Bragdon, Jr. 300 acres.

Tuesday, 25th. We begin at the uper saw-mill on Flander's Stream. From said mill we chain down stream 12 rods. Then we run east 10 rods and make a spruce tree our first bounds. From thence, north 57 rods to a stake. From thence, west 160 rods to a spruce tree. From thence, south 57 rods to a stake. From thence, east to the first mentioned bounds. This 57 acres makes up James Bean's, and McGrath's, and Samuel Ingalls' deficiencies. Then we run from the north-west corner of this last lot west 286 rods, to Long Pond and take angles up and down the pond, to get the length of it. The rest is laid down by the eye. Then we begin at William Ingall's south-west bounds and chain north on his head line 20 rods and 8 links and make a stake the bounds. From thence, we run west to Samuel Ingall's head line, and make a stake the bounds. This eight acres makes up John White 100 acres. Then we begin at the last mentioned bounds and chain east 14 rods and make

a stake the bounds. From thence, we run north to Moses Bragdon's head line. This 21 acres, on the east side of this line, makes up Joseph Bragdon 100 acres. Richard Downing holds the 71 acres on the west side of this line.

Wednesday, 26th. We go to Gouldsbrough and begin at Whiten's Brook, the north-east corner bounds of said town, and run west to the south-west corner bounds of No. 7, and find the old line to be about an east and west line.

Friday, I go home. The minutes of the five proprietor's lots, laid out on the plan, beginning at the north-west corner bounds of public lot, that lays at Marama Pond. From said bounds we run west 67 rods. From thence, south to John Hammans' lot This gets 100 acres. Then we go to the bounds first mentioned and chain west 28 rods. From thence, north 72 rods. From thence, east to the town line. This gets 100 acres. Then we begin at the north-west bounds of this lot and run north 72 rods and 8 links. From thence, we run east to the town line. This gets 100 acres. Then we begin at the north-west bounds of this last lot and run north 72 rods 16 links. From thence, east to the town line. 100 acres lays on the north side of this line and one on the south. This completes the five lots, as the Plan will show. Nathan Jones' lot begins at the French line, where it strikes Skilling's River, at an old mill-dam. From thence, chain north 242 rods on said line. From thence, east 80 rods. From thence, south to the shore. This gives Nathan Jones 100 acres including the Island. Buckley's lot begins at Moses Bragdon's

north-east bounds and chain north on Benj. Ash's side line, 79 rods. From thence, we run west to the shore. This gives said Buckley 27 acres. The shore, that is in the French grant, is taken from the Plan of the Town of Trenton. 11 days planning and coping Field-Book. A Field-Book of the Town of Sullivan, taken pursuant to a Resolve of the Commonwealth of Massachusetts, passed the fourth of March 1803, and under the direction of David Cobb, Esq., by me, James Peters, Surveyor, errors excepted.
